MAGNETIX® PRODUCT RECALL AND REPLACEMENT PROGRAM

MAGNETIX®

UNCAPPED

CAPPED

Call **1.800.779.7122** or go to **megabrands.com** for details.

In March 2006, in cooperation with the U.S. Consumer Product Safety Commission, MEGA Brands voluntarily recalled its MAGNETIX® sets and launched a replacement program. A thorough investigation revealed that magnets falling out of MAGNETIX® parts could pose a serious danger to children if swallowed or inhaled. MEGA Brands took immediate action including redesigning the parts.

MEGA Brands is fully committed to ensuring its products provide safe, educational and enjoyable play experiences for kids. If you have purchased MAGNETIX® product that is included in our recall or are in any way unsure or uncomfortable with the product you have, we urge you to contact the MAGNETIX® Hotline at 1.800.779.7122 for a free replacement toy in exchange for your old MAGNETIX® sets.

Remember to keep ALL magnets and small parts away from young children, especially those under 3.
